

PAWAN WAGHMARE

JAVA DEVELOPER | SPRING BOOT | ORACLE SQL

✉ pawanw930@gmail.com | 📞 +91 8180933930 | 🐙 GitHub | 🔗 LinkedIn

SUMMARY

Java Developer with hands-on experience in Java 17/21, Spring Boot, Hibernate, REST API development, and SQL. Skilled in designing and developing scalable web applications, writing clean and maintainable code, and applying strong problem-solving skills to build efficient software solutions. Experienced in Spring Data JPA, Oracle Database, and modern development tools. A collaborative team player with leadership and project coordination experience, passionate about learning new technologies and contributing effectively in Agile development environments.

PROJECTS

Smart Agro Solution (Spring Boot + Oracle + IoT)

[GitHub](#)

- Developed a full-stack Smart Agriculture application using **Java 21, Spring Boot, Hibernate, Oracle SQL, Thymeleaf, HTML, CSS, Bootstrap, and JavaScript**.
- Designed and developed **RESTful APIs** to process real-time IoT sensor data.
- Integrated the **OpenWeather API** and built real-time dashboards for temperature, humidity, soil moisture, and pump monitoring.
- Implemented **CRUD operations** using **Spring Data JPA** and layered architecture.
- Used **Git, Maven, and MVC architecture** to build a scalable and maintainable application.

Employee Management System (Spring Boot + MySQL)

[GitHub](#)

- Developed an employee management application using **Java, Spring Boot, Hibernate, MySQL, and Thymeleaf**.
- Built **RESTful APIs** and implemented **CRUD operations** for employee management.
- Used **Spring Data JPA, MVC architecture**, and exception handling.

TECHNICAL SKILLS

Programming: Java (8/17/21), JavaScript, SQL

Frameworks: Spring Framework, Spring Boot, Spring MVC, Spring Web, Spring Data JPA, Hibernate, JDBC, Spring Security, REST APIs, Thymeleaf, Lombok, JSON

Web: HTML5, CSS3, Bootstrap

Databases: Oracle SQL, MySQL, MongoDB, PL/SQL

Tools: Git, GitHub, Maven, Docker, Jenkins, Postman, Apache Tomcat, Eclipse, VS Code

Concepts: OOP, Collections Framework, Stream API, Lambda Expressions, Optional, Multithreading, MVC, Layered Architecture, CRUD, Exception Handling, Design Patterns, DSA, Agile, SDLC

EDUCATION

Dr. Babasaheb Ambedkar Technological University, Lonere
Bachelor of Technology (B.Tech) in Computer Science & Engineering

Sep 2022 – Oct 2026

Nutan Marathi Vidyalaya Junior College, Pune, India
Higher Secondary Certificate (HSC)

Jun 2021 – Feb 2022

CERTIFICATIONS

Java Full Stack Development
Naresh IT, Hyderabad, India

Jan 2026 – July 2026
